
Luxury awaits at your Cancun condo

Luxury awaits at your Cancun condo

Pristine white sand stretches out in front of you and an ocean breeze fans your face as you stroll back along the beach to your personal retreat on the Riviera Maya Cancun. This is life in Playa del Carmen, on the Mayan Riviera, nestled along the edge of Mexico's Yucatan Peninsula. Just an hour flight from Miami, and three hours from New York, you'll find yourself a world away at Mareazul at Grand Coral Riviera Maya. Imagine a Cancun condo sitting on two kilometers of white sand, surrounded by a refuge of pristine coast, but only minutes from nearby shopping and dining. Imagine the rich heritage of the Mayans surrounding your retreat, the contemporary culture alive with traditions and remnants of the ancient culture, and the renowned ruins and ceremonial temples, like Chechin Ilza, considered one of the seven wonders of the world. Imagine being only moments away from the rich shopping and nightlife of Playa del Carmen, and a short ferry ride away from some of the most amazing SCUBA diving on the earth off the coast of Cozumel — you can explore stunning coral reefs where the Caribbean meets the Yucatan Peninsula. It's easy to understand why this place was named Yucatan — which means place of richness. This may be the most exciting real estate Riviera Maya has to offer, and you can experience all that life has to offer at Mareazul. Your condo Cancun Mexico is part of a project that boasts 300 luxury condominiums, all with ocean views, balconies with private Jacuzzi tubs, fully equipped kitchens and access to eight acres of common area, botanical Zen garden, gourmet cafes, infinity pool, fitness center, paddle courts, and 654 feet of private ocean frontage. It also includes membership at Grand Coral's beach club and preferential tee times and reduced greens fees. This is lifestyle with a master plan. This is life at Mareazul in the Riviera Maya. This is your own personal oasis. [Click here to learn more about the amazing luxuries awaiting you at Mareazul.](#)
